## **Icon Cancer Care - Cairns**

Local Services Offered:

Early Phase; Clinical trials site; Satellite Site; Trial Patient Recruitment; Treatment of patients; Completion of study documentation as per ICH GCP and contract Details: This PDF complements the information found in the CSV generated by this website with additional site information.

Facility Details:	
	www.iconcancercentre.com.au
	No
agency or part of a government funded health	
service?	
	Yes
Satellite Sites/Clinics? A Satellite Site is a	1 C5
secondary location where the investigator sees	
clinical trial subjects. Usually this is the same	
investigator who sees subjects at the primary	
site location.	
	Icon Cancer Centres
1 ,	Yes
,,	i es
Queensland (LSQ) Member?	Radiation Operatory

any patient recruitment?	00.000/
	80-90%
on your site do you meet or exceed the	
recruitment target?	
<u> </u>	Icon is a network of private cancer treatment
	centres and the majority of patients required
	private health
Additional Address Information I	Liz Plummer Cancer Care Centre
IRB/ERB/Ethics Committee:	
Does your Facility perform HREC	Yes
(IRB/ERB/Ethics) Committee submissions?	
Does your Facility have a dedicated department	Yes
or group to perform HREC	
(IRB/ERB/ETHICS) Committee submissions?	
Review Board Name	Far North Queensland Human Research
  F	Ethics

Are there any other steps that the Sponsor	No
should be aware of for your	
IRB/ERB/Ethics Committee review and	
submission?	
Does the HREC require contract/budget	No
1	110
approval prior to release of final approval	
documents?	
Does the HREC Committee require payment	Yes
prior to the release of final approval	
documents?	
documents.	
Consent:	
Does your Facility have a written	Yes
SOP/Policy/Procedure for Informed Consent?	
Does your Facility have a written	Yes
SOP/Policy/Procedure for Minor Assent for	
1	
paediatric populations?	
Does your Facility have a written	Yes
SOP/Policy/Procedure for Other vulnerable	
populations?	
Does your Facility have access to translators	Yes
and translation support for study conduct (e.g.	
consent, study- specific instruction)?	
Training:	
Does your Facility have a training	Yes
program for the research staff?	
Does your Facility training course content	Yes
include GCP?	
	G
If your facility uses external program course/s.	Sponsor training
Please provide the program course/s name.	
Does the study staff that prepares or transports	Yes
dangerous goods have training that meets the	
IATA International Air Transport Association	
(US) or other countries hazardous training	
requirements for shipping dangerous goods?	
Do you have a process or program in place to	Yes
retrain research staff when a protocol is	
amended?	
amended:	
Facility And Equipment:	
Facility Capabilities:	
Can your Facility support in-patient admissions	No
for research studies?	
101 1050atoti studies:	

Can your Facility support patient visits on weekends?  Is your Facility capable of administering infusions?  Is your Facility adequately staffed to support studies with both blinded and unblinded Investigational Product?  Does your Facility typically allow the collection of Pharmacogenomic (PGX) samples for research purposes?  Does your Facility have the ability to collect PK/PD specimens?  Does your Facility have the ability to collect PK/PD samples beyond normal business hours?  Does the Facility have storage space for Study-Related materials (e.g. Lab Kits, Patient Materials, etc.)?  Equipment:  Does your Facility have the necessary equipment to treat medical emergencies (for example crash/code cart)?  Does your Facility have an SOP or process that ensures routine calibration and maintenance of general equipment? Examples of general equipment include: scale, pulse oximeter, stadiometer, sphygmomanometer, etc.?  Please list any additional equipment that your Facility uses for Clinical Trials.  IT Capabilities:  Does your Facility have computers that are dedicated to research studies?  What type of computer operating system(s) does your institution use to support studies?  What type of computer operating system(s) does your institution use to support studies?  What type of computer operating system(s) does your institution use to support studies?  What type of computer operating system(s) does your institution use to support studies?  What type of computer operating system(s) does your facility use?  Does the Facility have access to local IT support?  Please indicate all equipment that will be available to Monitors  Labs:  Does your Facility use Local Lab Services?  No Does your Facility use private laboratory services?		
Is your Facility capable of administering infusions?  Is your Facility adequately staffed to support studies with both blinded and unblinded Investigational Product?
